7-YEAR WARRANTY ON WOODEN COMPONENTS

Registering your product in our online Warranty Database entitles you to a unique extended warranty:

- 7 years on wooden components of the Tripp Trapp® chair.
- 3 years on the plastic components of the Tripp Trapp® Newborn Set.

Design: Peter Opsvik

Features / Benefits

Tripp Trapp® Newborn Set

*Fits any Tripp Trapp® chair produced after May 2003.

From birth to 9 kilos

- Enables the chair to be used from birth.
- Enables you to bring baby to the family table from birth.

Newborn seat

- The seat is easy to remove and can be placed on the floor.
- The seat has a gently curved base to create a soft rocking motion when placed on the floor.
- An anti-slip base prevent the seat from sliding on the floor and protects the floor from scratches.

Safety

- The seat has red-green indicators which turn green when it is mounted correctly on the Tripp Trapp® chair.
- The seat has a 5-point harness that should always be used when baby is seated.
- Additional rear gliders ("Extended Gliders") are included. These can be used to increase backward stability of the chair.
- Never leave your baby unattended when seated in the Tripp Trapp® chair with Tripp Trapp® Newborn Set.

Ergonomics and comfort

- Side support and correct recline angle offer good support and comfortable positioning for your baby.
- Comfortable padding gives your baby soft, but firm support and the natural textiles are comfortable against soft newborn skin.

Easy to keep clean

- Padding can be removed and be machine washed at 40° C.
- Smooth surface on plastic parts allow easy cleaning with a damp cloth.

Toy hanger

- A detachable hanger on which to mount a toy for your baby to interact with.
- Develops motor skills.
- Entertains your baby.

Material

- The seat is made from high quality plastic and is covered by Stokke's 3 year warranty if registered online at stokke.com (see more information in the green box on the opposite page).
- The product is free from phthalates and bisphenol.

Accessories

- Washable and reversible textile sets are available separately.
- See Tripp Trapp® accessories sheet or Stokke® Collection catalogue for more information.

Tripp Trapp® Baby Set

From approx. 6-36 months

- Enables the chair to be used when your child can sit up unaided (usually around the age of 6-9 months).
- Can be combined with the use of Stokke® Harness for additional safety.
- Baby set can be removed when your child is independent enough to sit on and get off the chair unaided. (This differs from child to child and is a decision made by you, the parent.)

Safety

- When mounted correctly on the Tripp Trapp® chair the baby set keeps your baby securely seated.
- Additional rear gliders ("Extended Gliders") are included. These can be used to increase backward stability of the Tripp Trapp® chair.
- Never leave your baby unattended when seated in the Tripp Trapp® chair with Tripp Trapp® Baby Set.

Ergonomics and comfort

- Provides side and back support for your baby.
- Shaped for maximum comfort for your baby.

- For additional comfort, Tripp Trapp® cushions are available in a range of colours and designs.

Easy to keep clean

- Plastic parts are dishwasher proof.

Material

- The baby set is made of high quality plastic and is free from phthalates and bisphenol.

Colour range

- The baby set is available in the same colours as the Tripp Trapp® chair.

Stokke® Tray

For times when you not are at the table

- Suitable from 6 months to 3 years.
- Product must be used together with Tripp Trapp® Baby set.
- Compatible with all Tripp Trapp® Baby sets excl. USA/Australia version.
- Prevents baby from pulling down items from the table.
- Provides a convenient feeding space when turning Tripp Trapp® from table to face parent.
- Dishwasher safe.
- Made from recyclable plastic.
- Available in white only.

Stokke® Table Top

- The Stokke® Table Top is a tray to be attached onto the table. It is multifunctional, educational, entertaining and allows interaction at the table with the rest of the family. (See stokke.com for more information.)

Tripp Trapp®

A chair for life – unique adjustability

- Tripp Trapp® is adjustable in both height and depth to ensure a perfect custom fit as your child grows.
- Your child can sit at the dining table and enjoy mealtimes with the rest of family.

Ergonomics

- Height and depth adjustable seat and foot plates provide stable back and foot support at any, age giving your child the ability to move freely and develop.
- Tripp Trapp® was developed to adapt to your child's ever changing size and needs.
- The foot plate lifts the floor up to your child to offer stability and the ability to shift position when seated.

Quality

- Manufactured from cultivated beech, a strong, type of solid and durable wood.
- The unique adjustability of Tripp Trapp® means that it can be used throughout your child's life.
- Stokke offer a 7 year warranty on the Tripp Trapp® chair (wooden parts) if you register online at stokke.com (see more information in the green box on the opposite page).

Safety

- Low friction gliders on the base of the chair make it slide on smooth surfaces (see user guide for more information).
- Never leave your baby unattended when seated in the Tripp Trapp® chair.

Design

- Timeless, classic design.
- A design icon protected by patents and the Copyright Act.
- Innovative in form and function.
- Small, neat footprint.

Colours

- Available in a range of colours, see stokke.com or Stokke® Collection Catalogue.
- Range of colours ensure a seamless fit into any interior space.

Please note that the product range may differ from country to country. All warranties require that the product has been normally cared for and all wooden products only have been used indoors. The original manufacturer's warranty also applies. Please refer to the original manufacturer's warranty for more information. Warranties do not cover consequential and indirect damage. Product selection, availability, sales configuration, accessories, styles, and colours may vary in different countries and may change without prior notice. For the most current information, please visit www.stokke.com or check with store associates.

The Tripp Trapp® Concept

Tripp Trapp® is a sturdy children's chair that grows with your child. It lifts them up so they can be included in activities around the table.

Maintenance

Hard parts
Wipe with a clean damp cloth, wipe off any excess water with a dry cloth. Moisture will crack stain. We do not recommend the use of any detergent or micro fibre cloth. Colours may change if the chair is exposed to the sun.

Material
Tripp Trapp® is made from cultivated beech in solid wood laminate. Beech is a natural material and consequently has a rich surface with a natural structure, pattern variation and colour combinations.

Tripp Trapp® Newborn Set From birth

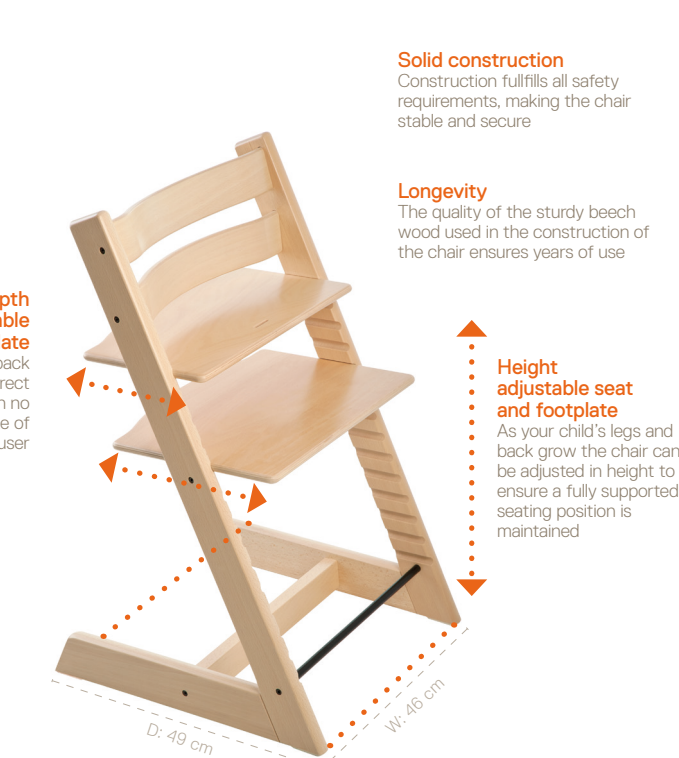

Bring your newborn baby to the family table from birth with the attachable recliner seat. The Newborn Seat can also be used on the floor with a gently curved base to create a soft rocking motion. It can be used until your baby weighs 9 kilos.

Tripp Trapp® Baby Set 6-36 months

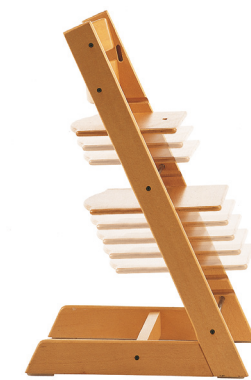

Children can start using Tripp Trapp® with a baby set when they can sit unaided (normally around 6 to 9 months). It is important to adjust the seat depth so that there is some space between the front edge of the seat and your child's calf.

The Tripp Trapp® Chair For life

Firm support for little feet is required for natural movement. It also allows your child to use the table to their best advantage. The seat and footrest are both easily adjustable, both in height and depth. This ensures that the chair is always correctly adjusted for your child. Tripp Trapp® lets children move naturally and safely.

The chair that grows with the child.™ From birth.

From birth

6-36 months

For life

As a guide the following positions can be used. However all children grow at different rates.

Age Years	Seat	Footrest
	Groove from top of chair	
0 - 6 months	2	5
1/2 - 2	1	5
3 - 5	2	8
6 - 8	3	11
9 - 11	3	13
Teen/Adult	n/a	5
